About this form

This form is to be used to document feedback following a short practice observation (SPO) of the intern compounding a product. It should form part of the basis for the entrustment discussions.

Instructions for interns

Ask your supervisor to observe you compounding a product. Once you have completed the preparation, complete the first section with your own reflections on your performance, then discuss your reflections with your supervisor. Complete your Development Plan, and review it with your supervisor.

Instructions for supervisors

Observe the intern compounding a product, assess the intern's performance and document your feedback, and discuss with your intern. Ask the intern to complete the Development Plan, and then review the Plan with the intern. This SPO should be used to inform the entrustment discussion.
